

Village House
3 bedrooms
2 bathrooms
🏠 250 m²

REF: ESP 1143

Seron

€66,000

Very different Village house, it is on three floors and has a very traditional style.

It is in Seron Village, in a very nice street which has a good access road and parking is also available, although the property does have a very large garage which would be ideal to park the car.

The house comprises of:

two bedrooms, one bathrooms, toilet, fitted kitchen, three further rooms which can be renovated into two more bedrooms, lounge, dining room, fireplace, and some stables to the rear of the house.

Also has a large sun terrace ideal outside area facing all the mountain views, Village too.

Water, electricity and telephone line connected, internet can be connected.

As it is in Seron Village the property is walking distance to all the amenities in the Village and large weekly market.

Seron is well known for its cured ham(serrano).

Almeria and Airport are only 1 hours drive approximately.
