Land

 500 m²

REF: ESP 2902

Seron

€10,000

Almeria property.

This is a nice flat plot of useful land of 500 meters square, which is situated in a very quaint and charming area just outside the Village of Seron, has beautiful views of the whole area.

Seron is a beautiful traditional large Village which is approximately 15 minutes drive by a good tarmac road all the way.

In Seron you will find all the amenities, as well as a weekly street market.

In this small quaint Village you will find a nice stream that flows along the riverbed all year. There are also regular deliveries there throughout the week.

On the land you can have a non permanent structure such as a caravan , motorhome, park home etc.

Water can be rented locally and it is very cheap, for electricity you will need to install solar panels.

Good access road, this truly is a beautiful place!.
