€120,000

Charming fully renovated large Village house, with Separate Apartment, for sale in the hills of Sierro, Almeria.

This house is located in Sierro, which is a very typical white wash Spanish village, with its narrow streets, where most of the houses have their pot plants on their Juliet balconies or window sills, all beautifully presented.

This large, 3-storey traditional Spanish house, comes complete with a separate apartment, is fully renovated, but has kept its Spanish charm with many traditional features, including beamed ceilings and log burners.

On the ground floor, there is a wide entrance hall, which leads into a lovely narrow kitchen, beautifully decorated with fitted cupboards and appliances, and a dining room with open fire.

On the 2nd floor, you will find a cosy, but spacious lounge with traditional fireplace, and a lovely family bathroom.

On the 3rd floor, leading off of the landing, there are 5 bedrooms, and a family bathroom.

This Spanish property for sale comes with a separate apartment, which includes 2 bedrooms, a lounge with fireplace and chimney, and a spacious room ideal for a dining room or further bedroom, and a large sun terrace with spectacular views of the mountains and surrounding area of the Village!

Mains Water is connected, together with the Internet.

There is the added bonus of no Electricity bills, as there are 12 solar panels, which supply all the electricity for the main house and the apartment! (Electricity can be mains connected if preferred.)

Parking is available near the property, which is a short walk away.

The village amenities are within walking distance of the property.

Easy access to the other larger Towns, coast and Airports of Almeria, Murcia and Alicante.
