Country House

150 m²

27 hectares

REF: ESP 3290

Lucar

€74,950

Large country house in need of Renovation for sale in the Almeria Province.

A fantastic opportunity to purchase a typically Spanish farmhouse to fully renovate, with 25 hectares of countryside, some mountainous, with spectacular views, in a very quiet and rural area of Lucar, but in turn only 5-10 minutes from two typical Andalusian villages.

Water is supplied via a natural water source, but electricity will need to be connected via solar / generator.

The Farmhouse itself requires full renovation and can be configured exactly as you please, and covers 150m² of space.

This is a must see property, in a stunning location, especially if you love nature and tranquility!

Almeria Airport is approx 1.20 hours drive away and you can reach the coast at Vera Playa in just under an hour.
